VOL. XXXVI

HOPKINSVILLE KENTUCKY, THURSDAY, JUNE 4, 1914.

No. 67

Editorial Comments.

Mrs. Sarah Pate, at Arcola, Ill., died suddenly Saturday, aged 102 years.

No rain has fallen in Nashville since the 9th of May, the driest May on record.

An average of one a day is starting out pretty well for June brides in Hopkinsville.

The official list shows that 418 persons were rescued and 969 killed in the St. Lawrence disaster.

District Attorney Chas. S. Whitman, of New York, is a Democratic candidate for Governor.

The nomination of John J. Berry to be postmaster at Paducah, was sent to the Senate Tuesday.

John J. White, who was the father of 24 children, has just died at Fredericksburg, Va., aged 56 years.

Three men, a woman and four children of the Empress of Ireland victims lived at the village of Houston, Minn.

It is hard to keep Thaw off the first page. An application for his release pending a review is now before the Supreme Court.

Lexington, Shelbyville, Louisville, Owensboro, Henderson, Cynthiana, Elton and points in Southern Indiana got local showers Monday.

Editor Leigh Harris and John Elam, a business man, had a fight on the street in Henderson. Blows passed but no injuries were inflicted.

Geo. Elkins, an Evansville man, is trying to get the government to redeem \$50 of discolored and half-melted silver coins. His wife hid it in the kitchen stove and George built a fire on it.

By a decision of the Court of Appeals, affirming the Pike Circuit Court, M. F. Campbell, Republican, was declared elected County Superintendent of Pike over G. W. Butler, Democrat.

It will take Kermit Roosevelt two days to be married in Spain to Miss Belle Wyatt Willard. The religious ceremony is to be performed on June 11 and the civil function will be carried out on June 10.

Bobby Robidon, of St. Louis, aged twenty-eight, well known in the South as a featherweight prize fighter, was drowned early Tuesday while giving an exhibition of fancy diving at a Memphis sanatorium.

Asa Hilder, of Passaic, N. J., has sued for \$5,000 damages a stout woman who stepped on his bunion in a street car. The remarks he made are not recorded, but he had to be sent to a hospital and blood poisoning resulted.

Carranza, regarding himself as a successful revolutionist, of course wants to pursue the Mexican custom of proclaiming himself President. Moreover he knows that any compromise with Huerta would necessarily leave him out.

In a Louisville case, the Court of Appeals has decided that allowing a time limit speech of ten minutes is a practical denial of argument. Still it depends on the speech. Some orators speak an hour and ten minutes without much "argument."

A woman, apparently a Swede, was found wandering, dazed and naked, Monday near Rimouski. It is believed she is a survivor of the wreck of the Empress of Ireland who made her way to land on a piece of wreckage and was driven insane by suffering.

Popham, Trusty Roose, threatened with disbarment by Judge W. H. Field in Louisville, for soliciting business and advancing or loaning money to clients, have withdrawn a plea of not guilty and thrown themselves on the mercy of the court.

CARRANZA PROCLAIMS

Himself President, Insists Mediators Allow Him to Establish Government.

VILLA TO COMMAND ARMY.

Carranza Will Have No Provisional Vice President--He Is Arranging Cabinet.

El Paso, Texas, June 3—Advices from Durango say Gen. Venustiano Carranza virtually has assumed the position of provisional president of Mexico, an action he has persistently refused to take heretofore, although urged to do so by his political advisers.

Carranza, it is announced, will immediately establish the provisional government in the City of Saltillo and will demand of the Niagara Falls mediators that they give into the hands of the Constitutionalists provisional government the work of establishing a permanent government in Mexico.

Rebels generally have believed that ultimately Carranza would be willing to brave Villa, set aside the title of the "first chief of the Constitutionalists" and assume the position of provisional president. It has not been known that an understanding has existed between Villa and Carranza that neither was to push himself forward as president, but now it is said that Villa has been made to see that he lacks the education and world knowledge to make him suitable for a president, while he especially is fitted to lead the army of Mexico as its commander-in-chief.

There will be no provisional vice-president. This has been decided upon. Of his provisional cabinet Carranza already has decided upon Luis Cabrerera for the portfolio of foreign relations. It is announced to-day that he has been instructed to proceed immediately from New York to Saltillo. By naming Cabrerera, Carranza forestalls a possible action of the mediators, who, rebels believe, have been considering him for provisional president.

Rafael Zubaran Campany, now representing the rebels in Washington, will also be in the new cabinet. Ferdinand Iglesias Calderon, leader of the Liberal party in Mexico, also has been decided upon for a cabinet position, but the portfolio has not been selected.

To safeguard the provisional capital, as well as to pursue roving bands of federalists in the country around Saltillo while Villa's army is attacking cities to the south, Gen. Pablo Gonzales has moved his entire force of 5,000 men from Monterey to Saltillo.

PETITIONS TO BE CIRCULATED

In Two Weeks Calling Local Option Election In September.

It is announced by those who are in a position to speak advisedly that an election under the new liquor law will be held in Christian county in September. Simultaneously an election will be held in Davies, Henderson and McCracken counties. The circulation of petitions will begin about June 15.

The petitions must be signed by 25 per cent. of the qualified voters from any part of the county, counted as a whole.

Washington Agency.

Upon being informed that the Mexican delegates at Niagara Falls had announced the willingness of General Huerta to resign once Mexico is "politically pacified," the constitutionalist agency authorized at Washington, this statement: "Anything coming from Huerta's side will not be taken into consideration."

HUERTA TO RESIGN SOON

Authorizes Announcement To This Effect By Delegates.

CARRANZA HUNTING TROUBLE.

Not Willing To Trust Pacification To The South American Mediators.

Niagara Falls, Ont., June 3.—General Huerta is preparing to resign. He to-day authorized his representatives at the mediation conference to announce to the world that "neither mistaken pride nor personal interest" would prevent his withdrawal when once Mexico is "politically pacified," and the government succeeding him is so constituted that it can count on the support of public opinion in Mexico.

Coincident with the announcement by the Mexican delegates of their position, the mediators to-night sent a note by the mail to Rafael Zubaran Campany, representative of General Carranza in Washington, replying to the communication brought here Friday by Juan F. Urquidi. The mediators in effect asked General Carranza if the constitutionalists were willing to discuss internal as well as international questions, and if they were ready to declare an armistice with the Huerta forces so that the "political pacification" to which the Huerta delegates referred in their statement might be speedily brought about.

RIVES WINS THE MEDAL

In Ninth Annual Debate of Henry Clay Debating Society.

A large crowd heard the ninth annual debate of the Henry Clay Debating Society Tuesday evening at the First Baptist church Joel Roberts Vice-President of the Society gracefully presided and introduced the speakers. The question was: Resolved, that equal suffrage should be granted to women in Kentucky.

Macon Abbott spoke first for the affirmative and William McCarroll led off for the negative. Then came Cooper Weeks for affirmative and Raymond Rives for the negative. The closing speeches were made by Edward Dabney for the affirmative and Edward McCreary for the negative.

The judges were Pettus White, Alvan Clark and Ira D. Smith. They retired for consultation and soon reached a conclusion.

Mr. White announced in a few well chosen words that the judges had differed upon both the preponderance of argument and the merits of the speakers, but had finally compromised by giving the decision to the negative side and awarding the medal to Raymond Rives as the best speaker.

He took occasion to compliment all of the speakers for the excellent arguments and high order of oratory that had characterized their efforts.

The Class Day program of the City High School was carried out yesterday as heretofore announced and to-night the commencement proper will take place and the graduates will receive their diplomas. The program will consist of music, two essays by Misses Kathryn Henry and Brenda Neblett and an address by Rev. C. M. Thompson.

Investigation Started.

A royal commission of three was appointed to investigate the ramming of the impress of Ireland by the collier Storstad in the St. Lawrence, causing the death of nearly a thousand persons.

CENTENNIAL OF CHURCH

To Be Celebrated In This City Three Days Next Week.

SUNDAY MORNING SERMON.

Addresses of Greeting From Several Visitors Tuesday Night.

The Westminster Presbyterian church has completed arrangements to celebrate the Centennial of the organization of a Presbyterian church in this city. This preparation has involved an effort to secure the names and addresses of all the former members, and their descendants, if deceased. Last week about eight hundred invitations were sent out to these, announcing the exercises which begin on Sunday morning and last until Tuesday night.

On Sunday morning the sermon will be preached by the Rev. Jao. C. Tate, who began his work here in 1870 and was Stated Supply and Pastor until 1884. At night there will be a special song service and an address by Rev. E. E. Gabbard, who is supplying the First church. On Monday night there will be historical addresses, giving the history of the church from its organization in 1813. On Tuesday night there will be addresses of greeting, from the Synod, by Rev. B. M. Shive of Paris, Ky., Moderator; from the Presbytery by Rev. E. E. Smith, of Owensboro, Stated Clerk; from the local churches, by Rev. H. D. Smith, President of the Ministers' Association. This service will be followed by a reception to the members of the church and to the citizens generally.

From its very organization the church has been closely connected with the life and development of the city, and the public is cordially invited to all the services. It is a matter of local pride and one in which there should be general interest.

While the exact date of the organization of the church is uncertain, there is good reason to believe that it lies between 1811-1813, and nearer the former than the latter. From that date to this it has continued uninterruptedly in the services and work of the Master, and has had some strong men in its pulpit. Some of the earliest settlers of this community were its members and some of the men most prominently connected with the later development of Hopkinsville have been its officers and members.

The present church building, erected in 1849, is the oldest church building in the city, and, save for a few minor alterations, has not been changed since it was erected.

In 1867 there was a division in the church and the property was divided between this and the First Church; they taking the manse, which was then on the site where Dr. J. B. Jackson's residence now stands; this church retaining the church building, and paying a sum in addition.

It is the wish of all the members of the church that the community generally consider this celebration one in which there should be universal interest, and that the town, as a whole, attend these different exercises.

ARTICLES FILED

Incorporating Service-Auto-Livery Company.

Articles of incorporation of the Service-Auto Livery Co., were filed with the county Clerk June 1. The capital stock is \$3,000, divided into thirty shares of \$100 each and the incorporators are Dr. F. H. Bassett, Lucian H. Davis and Latham Davis. The business to be conducted is the buying and selling of autos and the conducting of an auto livery.

END OF WELL SPENT LIFE

Mrs. Mary A. Royalty Dead at The Ripe Age Of 84.

ONE OF CITY'S OLDEST WOMEN

Suffered a Paralytic or Apoplectic Stroke Saturday Night.

Mrs. Mary Ann Royalty died of cerebral hemorrhage Tuesday night, at her home on South Virginia street. She was stricken Saturday night and remained in an unconscious condition until her death. She was a daughter of the late Newton Allen, and was born in this city, Sept. 14, 1830. She was twice married. Her first husband was M. T. West, and three children by that union survive her: Mrs. L. Wright, of Smith's Grove, Mrs. Alex. Fritz, of Fairview, and R. F. West, of this city. Her second husband was the late H. W. Royalty. Two daughters of this marriage survive her—Misses Eva and Helen Royalty, of this city.

She was a member the First Baptist Church, and a most estimable christian woman. Her funeral will be preached this morning at the church by Rev. C. M. Thompson, at 10 o'clock. Interment in Riverside Cemetery.

The pall bearers selected are: A. W. Pyle, W. T. Williamson, Geo. D. Dalton, Ellis Roper, Monroe Bullard, W. A. Long, J. W. Downer and Thos. W. Long.

THERE ARE ONLY ONE

Foreign Insurance Company Now Writing In Kentucky.

Louisville, Ky., June 3.—Two more foreign risk companies, declaring they were carrying all the fire insurance they deemed advisable under existing conditions in the state, have announced that they will write no more business in Kentucky for the present. They are the Standard of Hartford, and the German of Peoria, represented locally by Brown & Martin.

Their withdrawals leave but one foreign company in the state, the Security of Cincinnati. There are four Kentucky companies still doing business. In all about 104 foreign companies have suspended writing in the state.

The Greene-Glenn amendment is scheduled to go into effect June 15.

FISCAL COURT HOLDS SESSION

Which Was Devoted Mostly to Road Orders and Bridge Matters.

The Fiscal Court held an unimportant meeting this week.

Several road orders were made the most important being the entering into a contract with J. J. Reed, J. M. Major, C. R. Maddox and B. W. Williams for a section of road near the residence of J. J. Reed. The gentlemen named subscribed \$1,880 of the cost of the road, the county agreeing to pay \$3,000 in warrants due in 1, 2 and 3 years. A new bridge was ordered at Pee Dee.

Stork Items.

The little daughter of Dr. and Mrs. T. W. Perkins, born May 31, has been named Mary Louise.

Born to Mr. and Mrs. C. H. Bleich, June 1, a girl, Frances McCutchen.

Still Feverish

A headline announces, "Roosevelt

MISS JONES JUNE BRIDE

Married to Mr. E. G. Peterson, in Nashville Monday Evening.

WILL LIVE IN LOUISVILLE

Other Weddings Mark the Advent of The Month of Roses.

Miss Louise Whitlock Jones and Mr. Eric G. Peterson were married at the Hermitage Hotel in Nashville Monday night, by the Rev. Dr. Jas. I. Vance of the Presbyterian Church. Mr. Peterson was in Nashville Monday and in the afternoon Miss Jones, accompanied by Miss Lucy Whitlock, Mrs. Geoffrey Morgan and Miss Julia Wallace, was driven to Pembroke in an automobile and boarded the southbound train for Nashville, where they were met by Mr. Peterson and Mr. E. C. Thomas.

The bridal party repaired at once to the hotel, where everything was in readiness. A private drawing room was decorated with a profusion of roses and Dr. Vance in a most impressive manner said the words that united the happy couple, using the ring ceremony. The bride was gowned in blue silk crepe with gold lace and carried a bouquet of sweet peas and lilies of the valley. Mr. and Mrs. Peterson remained only a short while in Nashville, taking a night train for Louisville, where they will have apartments at the Seelbach.

Mr. Peterson formerly lived in New York, but came to Hopkinsville a few years ago and established the Cadillac Motor Co. Recently the Cadillac interests have transferred him to Louisville as state agent. He is a successful young business man of progressive ideas and has many friends here. His lovely bride is the only child of the late Lucien Jones, one of Hopkinsville's leading bankers, who died about 20 years ago, leaving a large estate to his infant daughter. She has been a social favorite and reigning belle since her debut a few years ago.

Knight-Foard.

In a beautiful home wedding last night at eight o'clock, the destinies of Miss Elizabeth Foard and Mr. John Knight were happily united. The bride is a lovely and accomplished daughter of Mr. John W. Foard. The country home was appropriately and avishly adorned with roses and other flowers for the occasion.

The wedding march was beautifully rendered by Mrs. Thos. C. Jones and the bridal couple were preceded by a sister of each, Misses Ruth Knight and Margaret Foard. Rev. H. D. Smith, of this city, in his usual impressive manner, performed the ceremony. Following the ceremony Mr. and Mrs. Knight repaired to the groom's home in South Christian. Mr. Knight is a prominent and successful planter, a brother of Judge Walter Knight. His bride is also a representative of one of the county's most prominent families.

Moore-Humphreys.

At the home of the bride in Collierville, Tenn., last night at seven o'clock, Mr. William Durrett Moore and Miss Elizabeth Hope Humphreys were united in marriage. The officiating minister was Dr. T. W. Raymond, of Holly Springs, Miss.

It was a quiet home wedding with only a few friends present. The groom's mother, Mrs. Nannie Moore, of this city, attended the wedding. Mr. and Mrs. Moore will reach home to-day and will board at Mr. Eugene Wood's on South Main street. Mr. Moore is well known and a popular young traveling man, representing a Detroit house and is a native of this city, and a worthy representative of a pioneer family.

ANNOUNCEMENTS

For Congress

We are authorized to announce
HON. DAVID H. KINCHELOE,
of Hopkins county, as a candidate
for Congress from the Second district,
subject to action of the democratic
primary August, 1914.

We are authorized to announce
HON. J. W. HENSON
as a candidate for the Democratic
nomination for Congress for the
Second Congressional District,
subject to the action of the primary
to be held in August, 1914.

The Senate now expects to reach
a vote on the toll bill by Saturday.

Senator A. B. Cummins, of Iowa,
has again been re-nominated by the
Republicans.

If Carranza will agree to an armistice and will agree to discuss the entire subject of pacification, the mediators may admit his representative. A reply is waited before they give a decision.

Blue Grass Park, Fayette county, midway between Lexington and Versailles has been selected as the instruction camp for the Kentucky National Guard, by Acting Adjutant General J. Tandy Ellis. The entire brigade will camp there with a company of the Twenty-ninth infantry from July 1 to July 10.

The Mexican rebels are now anxious to get into the mediation proceedings and are showing much irritation at the prospect of being sent out by the mediators, in spite of the insistent demand of the American representatives. The desire to finish their work without delay is probably the reason they do not want to reopen the whole question.

Capt. E. L. D. Breckinridge, U. S. A., inspector instructor detailed by the War Department with the Kentucky National Guard, is seriously ill and has been taken to a sanitarium at Asheville, N. C. Capt. Breckinridge received a gunshot wound in the Philippines and last winter was operated on to relieve complications resulting from the wound in his side.

Settlement of the Colorado coal strike apparently is no nearer realization now than it was weeks ago, according to statements by both union officials and mine operators today. Sixty-six persons are known to have been killed and forty-eight wounded in the numerous battles and disorders since the miners went on strike September 23, 1913. Classified, eighteen strikers, ten mine guards, nineteen mine employees, two militiamen, three noncombatants, two women and twelve children lost their lives. Twenty had been killed prior to April 20, the date of the battle of Ludlow. Forty-six were killed during that fight and the next ten days, when federal troops stopped the warfare.

The cost of the eight months industrial conflict is variously estimated at from \$10,000,000 to \$12,000,000. The figures include \$700,000 the state spent in maintaining state troops in the field until the arrival of the federal forces; and estimated cost of \$2,925,000 to the union, and a loss of "several millions" claimed by operators. At present 1,717 United States troops are guarding the mining properties.

The original demands of the United Mine Workers of America may be summarized as follows:
Recognition of the union.
A ten per cent advance in wages.
An eight-hour day.

Pay for "narrow and dead work."
Check weighmen.
The right to trade where desired.

Enforcement of state mining laws and abolition of the guard system.

Old Lady's Sage Advice.

Knoxville, Tenn.—Mrs. Mamie Towe, of 102 W. Main Street, this city, says, "If you had seen me, before I began to take Cardui, you would not think I was the same person. Six doctors failed to do me any good, and my friends thought I would die. I could hardly get out of bed or walk a step. At last an old lady advised me to take Cardui, and now I can go most anywhere." All ailing women need Cardui, as a gentle, refreshing tonic, especially adapted to their peculiar ailments. It is a reliable, vegetable remedy, successfully used for 50 years. You ought to try it.

Health Hint.

"Cave canem" was the warning near each ancient Roman door. Which in free and easy English meant: "Beware the dog"—no more.

So it is that from the Romans as the hotter months draw near—"Cave canem" "Ware the wuff-wuffs," and no mad dog need you fear.—Record Herald.

Children Cry FOR FLETCHER'S CASTORIA

Three Dead Heroes.

There are still heroes in every day life. Seven young people were in a sinking boat on the Delaware river, that sprang a leak and three of them deliberately sprang overboard, although they could not swim, to give the rest, two of them girls, a better chance to reach shore and their lives were saved by a scratch. John Mouchech, John Murphey and Raymond Tinney, were the heroes who gave their lives.

A BOY FARMER

Who Is Making The Graybeards Sit Up and Take Notice.

One of the finest fields of wheat in Christian county is that of Andrew Quarles, a bog farmer only 17 years of age, on the Nashville pike. When his father, the late F. M. Quarles, was stricken with a fatal illness two or three years ago, Andrew was left as the male head of the family and during his father's illness represented him as best he could. When Mr. Quarles died, Andrew continued the farming operations and has the satisfaction of seeing his efforts become fruitful of results. The field of wheat referred to is so much better than others in the vicinity that several farmers have told the Kentuckian about it. They all say, "I have a fine wheat prospect, but the best field of wheat I have seen is on the Quarles farm."

Young Quarles is still in school, but every moment of time he finds out of school is devoted to farming. He reads farm papers, confers with neighbor farmers and uses his own judgment to good purpose. He is said to be in love with the farm and is determined to make farming his life work.

Chautauqua Season Tickets.

The single admissions for the season aggregate about \$7.50. They are 25c, 35c, 50c, 75c and \$1.00 for the various sessions. It is, therefore, evident that a great saving is effected by securing a season ticket.

CHAUTAUQUA POST CARDS.

"Blind Tiger" Liquor Poured Upon Ground.

Cadiz, Ky.—"Goodbye, Old Booze" was the general expression upon the faces of quite a crowd of Cadiz and Trigg county citizens as they gathered upon the bluff just back of the business section of Cadiz to witness the "breaking up" of a large supply of "blind-tiger booze," which had been accumulating here in the Trigg Circuit Court for the last year. This very unusual procedure was by order of the court and under the direct supervision of Circuit Judge Hanberry. The breaking was done by Sheriff H. P. Atwood and City Marshal Tom McBride, and consisted of nine quarts, 133 pints and fifty-six half-pints of whiskey, and two cases of beer, and also twenty pints and thirty-four half-pints of whiskey which City Marshal McBride captured some time ago from a negro, who had the whiskey in a sack, but dropped it and ran when the Marshal started after him. This was the first procedure of this kind ever witnessed in Cadiz, and created a good deal of interest. A few of the "thirsty ones" looked on with a longing gaze and a disappointed appetite as the "booze" ran off in a stream down the bluff.

The last two terms of court have just about put the "tigers" out of business in this county, several of the leaders now being in jail sentences.

Unfairness to Men.

Men never get a fair deal. If, for instance, a baby happens to have a good disposition, everyone will insist that it takes after its mother.—Atchison Globe.

The Case of Youtsey.

The movement set on foot by Mrs. Kate Brown, of Frankfort, which looks to the pardon of Henry E. Youtsey, would seem to be founded upon principles of justice, humanity and public policy. Youtsey was an obscure stenographer when he got into trouble. He was drawn into it by environment and circumstance. Previous to his connection with the conspiracy which occasioned his conviction he was a young man of unblemished moral character.

He has served thirteen years in the Frankfort prison, which is twice as long as the average life prisoner. During these years, in addition to his daily labors in the prison, he has given his evenings as a teacher in the night schools of the penitentiary, as well as his leisure time on Sundays, doing all within his power for the improvement of his fellows. Three times he has been taken out of prison on orders of court and used as a witness for the Commonwealth. It is contended that the Commonwealth is thus in some sort committed to giving him consideration.

His application has been indorsed by the Confederate Veterans at Pewee Valley, the great majority of the Senators and Representatives in at least two Legislatures, and lately seconded by the delegates of the State Christian Endeavor convention which met this year at Frankfort.

Certainly it would seem that he has been punished enough. The men mainly guilty are all at large. One of them, convicted by three separate juries, sits in the Congress of the United States. It would seem that to leave this poor wretch further in prison is to defeat, not to serve the ends of justice, and the Courier-Journal joins Mrs. Kate Brown in her timely and Christian application to the Governor for clemency already too long delayed.—Courier-Journal.

Coughs and Colds

Weaken the System.

Continued Coughs, Colds and Bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c bottle of Dr. King's New Discovery to-day. It will stop your cough. The first dose helps. The best medicine for Stubborn Coughs, Colds and all Throat and Lung troubles. Mr. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c and \$1.00, at your Druggist.

You Can't Afford to Miss This Event

The season tickets purchased by the local committee, and now for sale, may be had while they last at \$2.00. All season tickets thereafter will be \$2.50. Attendance by single admission on each entertainment would exceed \$8.00.

[SEE PROGRAM FOR COMPLETE LIST OF ATTRACTIONS]

Chautauqua Week Here June 17 to June 23.

Fire Blight or Pear Blight.

Fire blight is one of the most serious of all the diseases attacking the pear and the apple. Nearly every pear and apple orchard at the present time shows indications of the presence of this disease. The leaves are turning brown, especially at the ends of the new growth, and they stand out in sharp contrast to the surrounding green foliage. When first noticed, only a tip of a branch appears to be infested, but if undisturbed soon the whole limb and even the trunk of the tree will be infested.

Blight is caused by a minute germ or organism that lives during the dormant season in cankers, resulting from infection the previous season. In order to properly control this disease it is necessary that orchardists be able to recognize these holdover cankers, because if every holdover canker could be disposed of before the sap starts to flow in the spring the disease would be eradicated.

The presence of the canker is usually indicated by the appearance of the bark. Under ordinary conditions there is a sharp line of demarcation separating the dead tissue from the healthy. In many instances the bark is broken due to the contracting of the surrounding tissues. This is especially noticeable around fruit spurs and water sprouts on the larger limbs where the cankers are more apt to be found.

As soon as the sap starts to flow in the spring, a syrupy exudate containing the germ is given off from the holdover cankers. This exudate serves to attract bees and other insects and later on they fly to, nearby blossoms and broken bark tissues, spreading the disease as they travel. The germs multiply very rapidly and in a short time the leaves surrounding the blossoms and twigs begin to die. Gradually it works down to the larger limbs, often spreading at the rate of a foot a day.

The disease appears to spread more rapidly on pears and quinces than on apples. On the apple it is often termed "twig blight" because usually only the younger twigs seem to be affected and not the larger branches.

Since the trouble is under the bark it becomes apparent at once that no external application in the form of a spray can be applied. The most logical thing to do is to cut out the canker where it winters over. The orchard should be inspected carefully several times and all suspicious areas of any kind should be cut out in order to be safe. Pruning during the summer is also a good plan but it is not as practical as winter pruning. If a large limb is removed the cut should be made several inches below the dead area in order to avoid any chance of further infection. For the ends of branches the long handled pruning shears are very effective.

Always burn the diseased limbs as soon as they are cut. The trees should be gone over every week at least and in many cases more often in order to dispose of the first indications of trouble.

DRESS THE CHILD SIMPLY

Overelaboration in Garments for Small Person Is Evidence of Distinct Lack of Taste.

It has been frequently remarked by people of observation how very simply the "old families" dress their children. Millions of money they may have, but their code of simplicity for the little folks is almost invariable. Occasionally, when some "new" blood marries into the family touches of overelaboration are sometimes exhibited. Studied lines these little children may have, and the finest of materials and the smallest of stitches. Simplicity does not necessarily mean a lack of expense. It means, most of all, a lack of display. But not only with the wealthy and the "four hundred" does this custom of juvenile simplicity prevail, but with well-bred people in general. Childhood and youth are in themselves a sufficient decoration.

An exclusive and simple frock for the little girl may be made from natural-colored linen, with lay-down collars and cuffs embroidered in golden brown mercerized thread. Have the dress falling in large box plaits back and front from a yoke and belted in with an embroidered belt. A very suitable feature would be that of the decorative and yet simple pattern of the walls of Troy.—Exchange.

WITH THE STOCK COMPANY

First Actor—And you say you have a change of bill every few days?

Second Actor—Every day. It starts in Monday with the landlady's bill and ends on Saturday with the laundry bill.

ECONOMICAL LADIES.

Zion City has adopted a set of very strict rules for women's dress. The slit skirt is barred, the open-work blouse is barred, lace stockings are barred, etc.

Rev. P. H. Anderson, defending Zion City's course, said the other day:

"If you would realize the necessity for this course, all you need do is to look at the latest Paris fashions. The bodices are outrageously décollete. The skirts are more and more cut away in front."

Doctor Anderson permitted himself a shocked smile.

"These dreadfully décollete blouses—these skirts more and more cut away—can it be that the ladies are trying to make both ends meet?"

Charity.

The charity that begins at home and remains there is anemic. An occasional outing will do it good.—Judge.

"LANGLEY'S FOLLY" FLIES WITH CURTISS AS PILOT

Aviator Uses Machine Safely, Proving Inventor Who Fell in River Solved the Air Problem.

Elmira, N. Y., May 28.—The theory of Dr. Samuel Pierpont Langley, who proclaimed to the world that he had solved the problem of the air several years before the upper elements had been successfully navigated by a heavier-than-air machine, was vindicated at Hammondsport today when Glenn Curtiss, the aviator, went aloft in "Langley's Folly."

The crude flying machine, which fell into the Potomac river in 1897, when Dr. Langley, its inventor, attempted to fly in it, and which later was consigned to the Smithsonian Institution at Washington, had every requisite for flight, and remained in the air long enough to demonstrate the practical mind of its maker. The flight was successful in every respect.

The Langley machine but little resembled the trim and powerful flyers of today, but in its crude state it combined the basic principles of aviation, and after many years of neglect the "old junk" came into its own giving, its aged inventor his deserved place among the recognized pioneers of aviation.

Langley made the fatal error of trying to catapult the flyer into the air with the aid of ponderous springs. Had he tried the method pursued today of running the machine along the ground and allowing it to rise gradually in the air, there is little doubt he would have made the first flight in a heavier-than-air machine.

The antiquated machine was sent to Hammondsport about two months ago. Scarcely a change was made in its parts. The surface of the wings, which had suffered from long storage were replaced. Other minor parts repaired were duplicates of the originals. The machine was driven today by the old motor built by Charles Manly.

Arthur Ford University Head.

A. Y. Ford, for several years managing editor of the Courier-Journal, and who later engaged in commercial pursuits, has been elected president of the Board of Trustees of the University of Louisville to succeed David W. Fairleigh, resigned, making Mr. Ford, in reality, head of the institution.

Big Reward Divided.

The \$6,000 reward for the capture of Wendling, alleged slayer of Alma Kellner, was divided between Rae McAnally, of Olema, Cal., and Detectives Thomas F. Burke and George Ryan, of San Francisco, in an opinion by Judge James Quarles yesterday, McAnally receiving 80 per cent.

Fines Assessed.

The collector of the port at Vera Cruz assessed fines against the Hamburg-American liners Ypiranga and Bavaria approximating \$200,000 in gold for the landing of arms at Puerto Mexico.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price

This is a time of great events, and you will want the news accurately and promptly. All the countries of the world steadily draw closer together, and the telegraph wires bring the happenings of every one. No other newspaper has a service equal to that of The World and it relates everything fully and promptly.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. The Thrice-a-Week World also abounds in other strong features, serial stories, humor, markets, cartoons; in fact, everything that it to be found in a first class daily.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Has Bettered Nature.

By breeding blind fish in dark caves under red light for several years, a German scientist has succeeded in producing fish with useful eyes.

Banking Facilities

With ample working capital, exceptional collection arrangements, and a thoroughly organized office system this bank has the ability and disposition to extend to its customers every facility warranted by safe, conservation banking.

THREE PER CENT. INTEREST ON TIME CERTIFICATES OF DEPOSIT.

BANK OF HOPKINSVILLE

PLANTERS HARDWARE CO.
INCORPORATED

TWELVE MILES

**Traveled By Harvard Student
In 20 Dances.**

Boston, June 3.—A scientific Harvard student has measured the hard work in modern dances. He went to a dance and carried along two pedometers, one that he attached to his leg when executing the tango and the other when dancing the hesitation.

In dancing the tango five times, with encores, he covered four and a quarter miles. That makes an average of more than four-fifths of a mile to a dance. The hesitation, which was sandwiched in between the maxixe and tango, served as a rest cure, for in four hesitation waltzes the pedometer recorded a little more than a half mile, or one-eighth of a mile a dance.

During the evening, which includes about twenty dances, there are usually half that number of tangos, five or six hesitations and the rest maxixes. A dancing pair therefore, travels roughly over 12 miles during the evening.

TWO KILLED, 3 HURT

**Car Runs Into Tree Near Salem,
Ala., With Fatal Results.**

Salem, Ala., June 3.—Mrs. Belle M. Kornegay is dead, Mrs. H. G. Patillo is dying and Mrs. Edgar P. Russell, Miss Mamie Kornegay and an infant child of Mrs. Patillo are injured, as the result of an automobile accident six miles from this city late Monday afternoon. Ekgar P. Russell was driving a light car containing the party, all relatives, at a high rate of speed and attempted to pass a heavy touring car headed in an opposite direction. The light car skidded over some rough plowed ground when Mr. Russell is thought to have lost control. The car hit a tree.

To Remove Doubts.

Farmers' organizations and trade unions would be specifically legalized and declared not to be combinations in restraint of trade by a paragraph which the House incorporated in the Clayton bill to supplement the anti-trust laws.

**Edward Amherst Ott to Lecture
Here Chautauqua Week**

EDWARD AMHERST OTT'S popular lectures are bearing fruit in the way of advanced legislation for the betterment of the American people. His lecture on "Sour Grapes," which treats of marriage and divorce, has been given nearly 2,000 times. In one of the states where it was given the legislator who introduced a reform marriage bill said he received his inspiration to do so from hearing Mr. Ott's address. But whether he delivers this lecture or one of his other subjects he is always alike—forceful, entertaining and inspiring. He has appeared before more than 3,000 audiences in America, and more than 2,500 copies of his books have been sold.

CALIFORNIA VOLCANO

**Eighteen Hours of Activity
Leaves Mountain Covered
With Ashes and Lava.**

Redding, Cal., June 3.—Mount Lassen, a volcano of the Cascade range, in the Sierra Nevada, erupted for eighteen hours, beginning Saturday throwing out smoke, steam, rocks and volcanic ash. The mountain is quiet again.

The north slope of the mountain, snow-clad yesterday, was bare for two miles, and in place of the melted snow, hot rock, ashes and lava were reported.

The outbreak is the first recorded in California in seventy years, and the first of any importance in 200 years.

W. J. Rushing was inclined to believe that an active geyser suddenly had developed. He said no fire had been seen, although the disturbance lasted during a whole night. The smoke and steam column, he said, rose about 200 feet.

Mount Lassen is 10,447 feet high and of volcanic origin. There is evidence that it was in eruption at a comparatively recent period, although antedating the entry of the white man into California.

CLOSE VOTE

**Expected On The Canal Tolls
Repeal Bill.**

Washington, June 3.—Administration leaders, hopeful of a vote in the Senate on the Panama tolls repeal by Saturday night or Monday, are now fearful that their majority is to be close. At least eleven Democrats are counted against the repeal, and while the Administration is claiming a fifteen Republican supporters, it is likely that there will not be so many and that the majority for the repeal will probably not exceed six or seven votes.

Democrats canvassed against repeal today are: Pittman and Newlands, of Nevada; Ashurst and Smith, of Arizona; Shields, Tennessee; Chamberlain, Oregon; Vandaman, Mississippi; O'Gorman, New York; Walsh, Montana; Ransdell, Louisiana, and Thomas, Colorado.

ALL DAY SERVICES

**Held at Euergesia on Last
Sunday.**

All-day meeting was held at Euergesia Christian church last Sunday. The six Christian churches of the circle were represented, the attendance being about 400. Dinner was served on the grounds and services were conducted both morning and afternoon. Rev. Wickham, of Lafayette, preached in the morning and Mr. John Ferguson delivered an address in the afternoon.

FINE FARM

**Changes Hands at A Fancy
Price Monday.**

The farm of Mrs. Carrie M. McKee, deceased, consisting of 200 acres, was sold at the court house door Tuesday and purchased by Richard Leavell at \$82 50 an acre, the amount being \$16,500. The farm lies on the Clarks-ville pike, 8 miles from town.

Hester-Gillis.

The engagement of Mr. Byron Hester, of Mayfield, to Miss Cleo Gillis, of Lexington, is announced. The prospective groom is a son of Mr. R. O. Hester, formerly an attorney of this city. The marriage will take place June 16. The groom will graduate this month at the Transylvania Bible College and go to Oklahoma to take charge of a church.

Morgan-White.

Mr. Nelson Morgan, a young farmer of the Pod neighborhood, and Miss Verdine White, a daughter of Mr. and Mrs. W. A. White, of near Clardy, were married Tuesday night, at the bride's home. The ceremony was performed by Rev. P. P. Gladdish. The families are prominent in the vicinity and the young people have many friends to wish them much happiness.

OIL STRUCK IN ALLEN CO.

**Scottsville Is Excited Over
Discoveries In New
Oil Field.**

Louisville Evening Post.

Scottsville, Ky., May 30.—The people of Scottsville are excited and delighted because of the fact that the Martindale Oil Company of Indianapolis, struck a gas well just outside of the city limits of Scottsville, that will make two million feet of gas per day.

Nashville Banner.

Scottsville, Ky., May 30.—A drill crew of the Martindale Oil Company operating on the Barlow farm a short distance west of the city limits, has struck a strong flow of gas at a depth of only one-hundred feet. The source of supply is not a "pocket," as has apparently been the case with previous strikes of the kind in this territory, but experts say it comes from a gas sand, such as has not been heretofore found in this district. When the drill had penetrated about four feet in the sand, the rush of gas became so strong, the work had to be abandoned. The well, which is on the bank of Bay's Fork Creek, was nearly filled with water when the sand was reached and the pressure of the gas kept the water spouting like a geyser, three feet above the mouth of the well. Gas that escaped through fissures in the earth found its way up through the gravelly bed of the creek, so that the water-boiled and bubbled in fifty places from the outflowing gas. Crowds of people are flocking to view the spectacle.

Casing was put in the well to shut off the water and gas, and an effort made to continue the drilling, but a few blows of the bit brought another rush of gas so powerful that the attempt was given up. It is believed this well will be adequate to supply Scottsville with gas for all purposes, the driller estimating the flow at 2,000,000 feet daily.

The Allen Oil Company, operating two miles further south, are using gas from their wells to operate a large pumping engine. They have three oil wells under pump and another 50 barrel well that came in Tuesday, giving them a total output of 200 barrels daily at this point. Each of the wells also produces considerable gas.

The Petroleum Oil Company, of which Mr. Neel Glenn, of Springfield, Tenn., is President, also drilled in a 50-barrel well this week near Petroleum. This company has 9,000 acres leased in that section and is pushing the work of development.

There are at present eight wells being drilled in Allen County. One was commenced Wednesday a mile east of Scottsville in a locality not previously tested.

CLOSE AT JACKSON

**But The Election Was Almost
Without Votes.**

With a majority of only six votes out of 170 polled, Mayor C. E. Griffin of Jackson, Tenn., was re-elected over O. J. Nance, nominee of the Business Men's Commission Government club. In the first ward Alderman Hallie Hill; in the second, Andrew J. Chester, both administration candidates, won over strong opposition. In the third, Lawrence Taylor and in the fourth J. T. McCutcheon, both commission government candidates, won easily. The last named is a brother-in-law of C. H. Bleich, of this city.

Conference In Session.

The Hopkinsville District Conference of the M. E. Church, South, is in session at Kuttawa this week. A large number of preachers and delegates from various parts of the district are in attendance.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. J. CHENEY, & CO., Toledo, Ohio.
Sold by Druggists, Etc.
Take Hall's Family Pills for constipation.

All Ladies' Suits, Ladies' Dresses and Ladies' Extra Skirts at wholesale cost. Big saving in money for you. Be sure you see my line.

LADIES' UNDERWEAR

Big Assortment of Ladies' Knit and Muslin Underwear.

GET MY PRICES BEFORE YOU BUY.

T. M. JONES

MAIN STREET, HOPKINSVILLE, KY.

FLESH-COLORED HOSIERY

The 1914 Girl Goes In For Athletic Costumes.

Atlantic City, N. J., June 3.—The bathing season for 1914 was ushered in by the appearance on the beach of a score of husky looking, hardy athletes, who pranced into the white surf, much to delight of the crowds on the boardwalk.

In the afternoon hordes of fashionable summer girls in their latest bathing attire attracted much attention and admiration from the chair crowd.

The season's bathing girl has gone in for flesh-colored hosiery. She is a lithe capable, young person, who does more swimming and less posing. Gashed skirts give her more freedom of limb. The wider out kimono style shoulders effects or the no sleeve at all scheme of custom architecture, with the same wide cut armholes, regular athletic man fashion, gives more room to stroke with her arms. Bloomers of varied sleeves are also in favor, giving the dresser the opportunity of making a more picturesque show than heretofore.

SAMUEL DURHAM DEAD.

**Brother of Mr. J. H. Durham
Passes Away.**

Samuel D. Durham, a brother of Mr. J. H. Durham, of Crofton, died Monday evening at his home in Paducah. He had been ill from stomach trouble for several months. Mr. Durham was forty-two years old and leaves his wife and four children, three sons and one daughter. He was a member of the Missionary Baptist church.

He was reared in this county but lived in Coulterville, Ill., for several years. He returned to Kentucky about three years ago.

The interment took place at Smithland.

HUERTA'S IECA

**General Election July 5 to Fill
Offices.**

Mexico City, June 1.—The views of President Huerta with regard to the settlement to which the Niagara Falls peace conference is directing its efforts never yet has been defined, but according to persons close to the president he has proposed that the elections for president, vice-president, senators, deputies and state governors should be held on July 5 next, as decreed by congress. He is desirous that these elections shall be free and absolutely legal, constitutionalists having the right to exercise supervision in those portions of the republic now controlled by the government and the government agents the same right to supervise the returns in those parts of the country now in the hands of the constitutionalists.

Huerta, according to the same authority, has made solemn promises to hand over the executive power to the president thus elected. He objects to the appointment of a new provisional president because this would cause impairment of the national sovereignty.

Killed Her Husband.

Mrs. Joseph Boyami, of Aurora, Minn., 25 years old, confessed slayer of her husband, is in jail.

According to the woman Boyami accused her of infidelity. During the quarrel she says her husband reached for a revolver under his pillow. She seized the revolver and shot him in the head.

Circus Tied Up.

The Rice Bros. circus, which was assembled in the earlier days of spring, has been tied up at Dawson Springs since last Thursday, according to Capt. W. F. McCurran, part owner of the show, who is in Paducah. The circus was attached by a St. Paul concern, from whom many of the horses were secured.

BEN DILLARD JURY HANGS

Circuit Court Moving Slowly
In Commonwealth
Matters.

SEPARATE COACH CASE ON

The Pembroke Colored Graded
School Case Now
On Trial.

The case of Ben Dillard, col., charged with the killing of Geo. Martin, col., was tried Tuesday and resulted in a hung jury. They were construction hands on the L. & N. Railroad, and the killing occurred at First and Railroad streets last October. Martin lived several days.

Much of the morning yesterday was taken up arguing a demurrer in the indictment against the L. & N. Railroad for not furnishing adequate separate coaches for colored people. The Court over-ruled the demurrer. The case involving the validity of the colored graded school of Pembroke was taken up yesterday afternoon.

The petit jury panel was completed by the addition of J. E. Bouldin, L. M. Fuller, G. W. Thacker, W. D. Martin, F. M. Dollins, J. F. Butler, J. B. Haddock.

WILL SHOWS SHRINKAGE

Mayo Will Filed At Paintsville,
Ky., Has Cash Value Esti-
mated At \$1,000,000.

Lexington, Ky., June 2.—Though her husband's estate shows a shrinkage from an estimated cash value of \$5,000,000 to about \$1,000,000, Mrs. John C. Mayo, of Paintsville, Ky., to-day became the most prominent business woman in the South when it became known she will take a place on the directorates of the great development companies held by her husband. The estate controls vast holdings in the coal lands, all estimated to be worth \$20,000,000.

Mrs. Mayo is thoroughly familiar with her husband's plans for business and philanthropy. Colleges will be endowed and several churches built, and besides many children who were cared for by Mr. Mayo will be under her care. Mrs. Mayo by the will filed yesterday was made executrix of the entire estate without bond. She will continue to reside in Paintsville.

STRUT IN BORROWED PLUMES

Court Costume of the Afghans is in
Many Cases a Fearful and
Wonderful Thing.

The ameer of Afghanistan, smitten with westernizing notions, insists upon the personages of his court appearing in European clothes. There are many amusing features about this craze for European dress. Use is made of cast-off uniforms from other countries, and the variety of the uniforms that may be seen in Kabul is as amazing as it is amusing. The warlike Afghan may be seen strutting about even in the stations on the Indian border as proud as a peacock in a uniform which bears on it the name of a well-known London music hall, while there are others in the uniforms of English and continental railway guards. Frequently it is only a coat that is worn, and a pair of brown bare legs complete the outfit.

PUT OFF

Athenaeum Meeting Will Be Held
On June 11th.

The Athenaeum meeting for June has been postponed from to-night to Thursday night of next week. This will be the last meeting until September. Those on the program are Dr. Austin Bell and L. H. Davis.

The Only Lover.

He is only the lover who seeks what is profitable to the beloved; so that if any pursue not this, even what is right and good, though he made ten thousand professions of love he is more hostile than any enemy.—St. Chrysostom.

COLORED INSTITUTION

Modeled After Booker Wash-
ington School to be
Located Here.

EIGHT MILES FROM TOWN.

Farm of 200 Acres Purchased
and Concrete Buildings.
To Be Erected.

The Saturday News of last week is authority for the statement that a colored industrial school, to be patterned after Booker Washington's Tuskegee Institute, is to be built within the coming year in Christian County. Following the purchase of a farm of 200 acres eight miles from this city, announcement has been made of the plan. The farm cost \$3,500 and the sale was negotiated by Mr. G. L. Campbell, a prominent citizen and interested party of this city.

It is proposed to erect all of the buildings of concrete and with a capacity at the outset of housing 200 pupils. In addition to instructions in agriculture and all mechanical arts and trades, there will be a theological department, where candidates for the ministry may be educated. There will also be a full normal course.

Unless a change is made the name will be the Ohio Valley Bible and Industrial School. It is a project of the Colored Woman's Christian Missionary Society, which has its headquarters at Indianapolis, and which already has three schools in operation. The one here, is to be the most extensive and the largest of them all.

This board now owns buildings in Louisville, in which has been maintained a Bible school. This will be discontinued and the buildings sold and the proceeds devoted to the improvements to be made in this county.

It is expected that the school will draw a large patronage from all over the south and also from Southern Indiana, Illinois and Ohio.

Several influential white citizens are interested in the school and are aiding in bringing about its establishment here.

The location is west of the Madisonville road comprising a tract known as the Boyd farm. The organization behind the movement is said to be strong financially and the school is beyond the doubtful stage.

MEN GROWING BETTER.

Judge Endycott Says Women
Take Up Vices Men Have
Quit.

Atlantic City, N. J., June 3.—Former Judge Allen B. Endycott, in his address to the graduating nurses at the Atlantic City Hospital, denounced the follies of modern women.

"The decade will be known as the decade of woman's folly," he said. "Men are steadily going up in the moral plane, graft and the evils of ten years ago are rapidly disappearing, but woman has not kept pace with man."

"Take the craze for dancing. Women are not content with dancing all night, but must keep at it even in the day. Women, the older ones especially, are found in the arms of chauffeurs, cabmen and hucksters, who pose as instructors of the 'latest dances,' while their husbands are at business, making money with which to support them in their fads."

"Throughout the entire world men are giving up the habit of drinking. Big corporations and small ones, too, have said they will not employ men who drink but this movement is not gaining favor with the women. The Presbyterian Church, through their representatives at Chicago last week, found it necessary to declare against the present mode of women's dress."

Offer For Home

The Louisville Lodge of Elks, according to a report made to the lodge last night, is considering an offer of \$150,000 for their property on Walnut street, between Third and Fourth streets and opposite the Evening Post.

Drowned While Seining.

Walton, Ky., June 3.—John Tewell, 24, living at Richwood, was drowned Saturday night while helping seine Buffington pond. His father and several friends, who were with him, made desperate attempts to rescue him, but all were futile. He was drowned at 11 o'clock and the body was not recovered until 1 o'clock. He leaves a wife and one baby.

Recital Last Night.

The classes of Misses Follansby and Wright, teachers of piano and violin, gave a joint recital at the Methodist church last night.

DR. BEAZLEY Specialist

(Eye, Ear, Nose and Throat.)

W. R. Belknap Dead.

William R. Belknap, chairman of the board of directors of the Belknap Hardware and Manufacturing Company, Louisville, Ky., died at his residence at Longview, in the Upper River Road, at 12 o'clock Monday night. Since early May 2 the attending physicians, while hopeful for his recovery, believed he could not survive. He was born in Louisville in 1849, graduated at Yale College in 1869 and entered the hardware business in 1874.

Graduating Exercises Tomorrow

Annapolis, Md., June 3.—The board of visitors to the naval academy has selected Congressman Lemuel P. Padgett of Tennessee as the orator to represent the board at the academy graduation exercises Friday.

County Attorney Named.

Mayaville, Ky., June 3.—City Attorney W. H. Rees was appointed County Attorney of Mason county to succeed Thos D Slattery, recently appointed United States Attorney for the Eastern district of Kentucky. Mr. Rees will serve until the next primary election, when he will be a candidate for the office. The office of City Attorney will be filled by the Council.

Takes His Coat Off.

Winchester, Ky., June 1.—The largest crowd ever assembled at Kentucky Wesleyan College heard Rev. Billy Sunday preach this morning. He was given one of the most enthusiastic receptions ever tendered a public speaker here. The speaker took his coat off and his characteristic gestures delighted the audience.

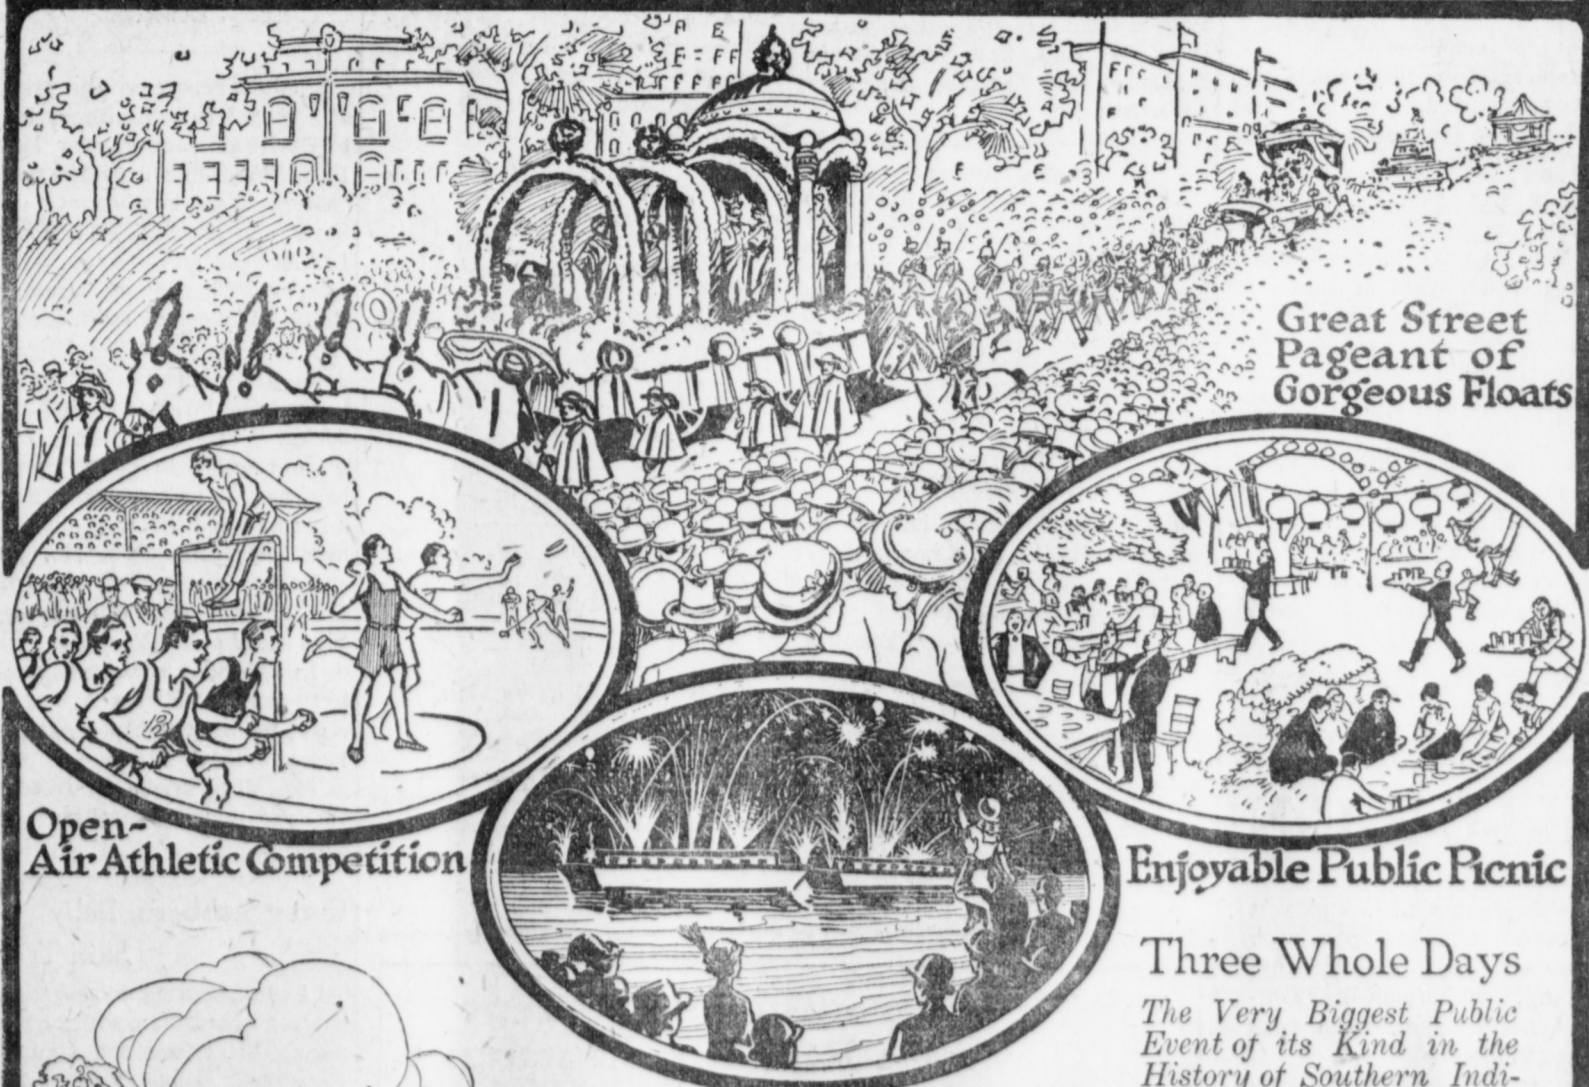

Boy Commits Suicide.

Mayaville, Ky., June 3.—Ira Morgan, an 18-year-old boy, hanged himself in a barn on the Mullikin farm, several miles south-west of here. He was in the barn with several boys when he said he believed he would hang himself, and, tying a rope around his neck and the other end to a rafter, he swung off, dying of strangulation. He was a son of Jesse Ogdon.

Pikeville Mayor Resigns.

Pikeville, Ky., June 3.—Durard T. Keel resigned as Mayor of Pikeville, giving as his reason that other business matters are so closely occupying his time that he could not properly discharge his official duties. His successor will be elected by the City Council.

To Discuss the Japanese Problem Here Chautauqua Week

MONTAVILLE FLOWERS.

MONTAVILLE FLOWERS will lecture here Chautauqua week on the Japanese problem in America—a subject which has been much discussed during the past year, but on which few people are fully informed. Mr. Flowers' home is in California, the state in which nearly all of the Japanese in this country live, and he knows whereof he speaks. His previous residence in the east and his extensive travel on lecture tours have also given him the viewpoint of the easterner on this topic. Mr. Flowers is an orator—in fact, is one of the finest speakers on the American platform. For two years he was president of the International Lyceum Association, of which nearly all Chautauqua and Lyceum lecturers in this country are members. The title of his lecture is "Color Line and Picket Guard."

A TEXAS WONDER.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Send by druggists. Advertisement.

Umbrella Plant.

The umbrella plant is a sedge plant and must have moisture, but it may be grown to fine proportions in a moist corner of the garden. Propagate by taking the umbrella-like tops and leaving about an inch of stem to them. When done blooming, sink in water, wet sand or wet earth. The roots may be divided to good advantage.

Piano Lessons.

Miss Katharine C. Follansby will open a studio in St. Charles Court Sept. 1. Arrangements for lessons can be made before June 8. Advertisement. Phone 978.

Graded All Right.

Harold had discovered a new playmate in a boy who had recently moved into the neighborhood. "What sort of a boy is this Johnnie you talk so much about?" asked the careful mother. "Oh, he's not an angel—that isn't his specialty—but he's all right," replied Harold.

Mrs. Powell Almost Dead.

Dry Ridge, Ky.—"I could hardly walk across the room," says Mrs. Lydia Powell, of Dry Ridge, "before I tried Cardui. I was so poorly, I was almost dead. Now I can walk four miles and do my work with much more ease. I praise Cardui for my wonderful cure." Cardui is successful in benefiting sick women, because it is composed of ingredients that act specifically on the womanly constitution, relieving headache, backache, irregularity, misery and distress. Only a good medicine could show such continual increase in popularity as Cardui has for the past 50 years. Try Cardui, the woman's tonic. Advertisement.

SHIFTING DESTINY.

"There is a divinity that shapes our ends," said the readymade philosopher.

"That's right," replied the statesman. "Many a man thinks he is going to congress to speak and finds that he is there simply to listen."

ITS IDENTITY.

"The dogwood tree is the easiest one known."

"How so?"

"It is identified by its bark."

ONE NOT WANTED.

"Do you embrace all the opportunities offered in your campaign?"

"Yes, but it's tough when it comes to kissing the babies."

Typical Superintendent and Tent Crew at a Redpath Chautauqua

THE members of Redpath Chautauqua crews are in most instances college boys—bright, active, obliging; free from profanity and recklessness.

TYPICAL NEWSPAPER COMMENT ON THE REDPATH CHAUTAUQUA OF 1913

The Tri-City Daily, Florence, Ala., says: "Florence has been captured entirely by the Redpath Chautauqua and it is a safe bet that the chautauqua will not be allowed to pass this city by in the future."

In an editorial in the Albany, Ga., Herald this statement is made: "Thru this big organization with a string of 110 chautauquas scheduled we were enabled to have attractions that we could not have secured for a single assembly."

The Dyersburg, Tenn., State Gazette said editorially: "We will all be sorry when it becomes necessary for them to fold their tents, but unlike the Arabs it will not be necessary for them to steal away."

The Clarksville, Tenn., Leaf-Chronicle "Now that our good people know from actual experience just what are the possibilities of the Chautauqua movement they are unanimously agreed as to its great helpfulness to a community."

The Birmingham, Ala., Age-Herald says: "The tent which holds over 2000 persons was well filled when the performance began last night and altho the weather was hot every part of the program was received with much enthusiasm. Indications are that from now on large crowds will patronize the chautauqua performances. The Redpath agency which is giving the program is well known as one of the foremost booking agencies of the world."

The Alpena, Mich., Echo: "When Mr. Rheinfrank asked those of the audience who would like a chautauqua in Alpena next year to stand, the entire audience arose. It was necessary to call an imposing vote."

The Battle Creek, Mich., Enquirer: "The Best Ever Chautauqua grows more popular with each succeeding entertainment."

The Gary, Ind., Post: "It is doubtful if any chautauqua in any city has ever had such overwhelming success during its first year as the Redpath Chautauqua had here during its present engagement."

Chautauqua Week Here June 17 to June 23.

CHOLERA RECORD

Best Work In Kentucky Done Here Fighting Hog Scourge.

The best report on the treatment of hog cholera in Kentucky is given to Christian county. On March 1, 1913, Christian county had more hog cholera than any county in the State, and March 1, 1914, it had less. In that year more serum had been used here than in any county in the State. Under the intelligent direction of Expert Geoffrey Morgan, the disease has been almost eradicated in the most infected county in Kentucky. This has been done by prompt action in every case. Sick hogs as soon as reported are at once separated and the well ones in the herd are vaccinated by Mr. Morgan and there is no spread of the disease. Mr. Morgan has during the year 1914 vaccinated 625 hogs. His last call was Friday afternoon to attend to the herd of Bailey Atkins. If all counties in the state are as well looked after as this one it will not be long until this much dreaded disease is under thorough scientific control.

Cures Stubborn, Itchy Skin Troubles.

"I could scratch myself to pieces" is often heard from sufferers of Eczema, Tetter, Itch and similar Skin Eruptions. Don't Scratch—Stop the Itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the Red, Rough, Scaly, Itching Skin is soothed by the Healing and Cooling Medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c., at your Druggist.—Advertisement.

Presbyterians Increasing.

Accessions to the church have increased the membership to almost a million and a half, according to the report read at the closing session of the General Assembly of the Presbyterian Church in Chicago yesterday.

TURNERS PLANNING BIG MEET

Evansville to Entertain the Biggest
Crowd in History

Evansville, Ind. The gorgeous
street parade will probably prove
the most potent of all the at-
tractions. Many costly floats of
unique design are already under con-
struction, and it is expected that the
Turner organizations of Chicago,
Louisville, Indianapolis, Fort Wayne
and South Bend will be represented
in the parade in creditable manner.
Mayor Benjamin Bosse, noted for
his aggressiveness and systematic
handling of big affairs, is chairman
of the executive committee and is de-
voting much of his personal time and
attention to the details of this cele-
bration. He is enthusiastic over the
prospects of success and confidently
predicts the largest number of visitors
ever in the city. The merchants and
manufacturers are responding liber-
ally with financial assistance, and
those situated along the line of parade
will decorate their places profusely.

THE CHAMPION

THE FRENCH GOVERNMENT
BUYS FAMOUS GIBSON
DRAWING.

Splendid Specimen of American Art
to Hang in Musée de
Luxembourg.

Evansville, Ind.

The world admires a winner—be he
a lover or athlete.

Admiration for a man of physical
prowess is a phase of human nature
rather than the characteristic of an
individual—it's instinctive.

Ten years ago while James J. Jef-
fries was still enjoying the admiration,
even idolatry of the public, to say
nothing of the emoluments that go
with the title, "World's Champion
Fighter," the eminent artist, Charles
Dana Gibson, made him the subject
of a drawing. He gave it the title of
"The Champion." It depicted Jeffries
strolling along surrounded by an un-
invited but admiring crowd. It was
widely published because of its "hu-
man interest." And who is it, regard-
less of their personal repugnance for
fighting that will not gaze long and
admirably upon "The Champion" should
he pass in review?

This pen and ink drawing of Mr.
Gibson has been purchased by France
for the Musée de Luxembourg. This
is one of the most coveted honors of
the modern artist. The selection of
this particular drawing is a great
compliment to Mr. Gibson, and consti-
tutes an official recognition of his
great genius.

Art is life and life is art. What
more appropriate subject could Mr.
Gibson have chosen than "The
Champion"? A strong vigorous man
—"The Champion"—the best of his
kind, representative of the highest
physical attainment of man—life it-
self. The mere title awakens interest
instantly. Probably this is made
easy by the spirit of primeval man
still lurking faintly in every human
breast.

On account of the strenuous com-
mercial life of today, when keen com-
petition forces a man to employ his
mental faculties under exhausting
high pressure, physical development
has been woefully neglected. Think-
ing men everywhere are aware of
this fact, and are strongly advocating
a lessening of this mental strain in
order that the future health of the
whole nation may not be jeopardized.

One of the Floats for Big Evansville Parade

LORELEI.
One of the many beautiful floats that will be seen in the great street
pageant of the Turnfest-German Day celebration in Evansville, on Monday,
June 29th. This design depicts the enthrallment of a German sailor and a
student by Lorelei, the Circe of the Rhine. The Lorelei is seen seated on a
rock combing her golden tresses and singing; at her feet is a boat in which
the sailor is vainly trying to row away, but his efforts are rendered futile by
her charms. A board of censors has been appointed to keep a watchful eye
on all floats intended for entry in this parade. None but those possessing
high artistic merit will be permitted to participate. The executive committee
having in charge the details of this parade are determined to make it class
with those famous street pageants of New Orleans and St. Louis. Many
thousands of visitors from the surrounding country are expected as guests of
Evansville on that day.

S

MEN IN MIND IN HOPKINSVILLE

People of Prominence In The Pearl City of The Penny-royal.

BIOGRAPHICAL SKETCH NO. 17.

N. Stadelman, President of The Hopkinsville Abattoir Company.

Hopkinsville has drawn upon foreign countries as well as upon other States for the new blood out of which she has fashioned successful men of affairs. Older citizens can remember when it was the custom in Hopkinsville to send a boy to the "butcher shop" to bring back the steak for breakfast. Now the order is given by telephone to the "meat market" and delivered by a wagon at the door. The man who was a pioneer in the new order of things was a pleasant-faced German who came from Chicago in 1898 and proceeded to shake up the meat business of the town. He had been in Chicago eleven years learning the meat business in one of the meat centers of the world and when he came to Hopkinsville he brought his knowledge with him.

N. STADELMAN.

His name was Nicholas Stadelman and he was born in Bavaria, Germany, Jan. 19, 1866. He came to America in 1887, fresh from a service of 4 years in the German army, from which he emerged with the rank of lieutenant. He located, as stated above, in Chicago.

One morning in April 1898, a new "meat market" was opened on Ninth street, so different from anything Hopkinsville had ever seen, that the public hastened to give it a "trial." And most of the people have continued to "try" it to such an extent that Nick is still doing business at the old stand, enlarged to two rooms, and new departments added. He now owns the building he used to rent and owns other valuable property, including a pretty home on Clay street and a pair of twin boys that he says cannot be equalled in America.

Soon after coming to Hopkinsville, he was married to Miss Theresa Raubold and they have three sturdy sons, the oldest a high school student of 14 years of age.

When Nick landed in Hopkinsville he had \$85, hardly enough nowadays to buy one beef, but with his slender fortune he tackled the new world in which he found himself and has "made good" as a business man.

He is active, attentive, progressive, and above all has the confidence of the public. He now operates as branches of his meat market a delicatessen store and oyster and fish market. His store is a model of neatness and the service prompt and courteous. His establishment gives employment to seven people and all of them are kept busy.

Mr. Stadelman was the originator and prime mover of the idea of building an abattoir and he is now president of the Hopkinsville Abattoir Co., the only enterprise of the kind in this section of Kentucky.

He is a working member of the Hopkinsville Business Men's Association and holds membership in the Masons, Shriners, Elks and Woodmen lodges. There are some other things that might be said about him but this is enough for one time.

CAIRO WAS EASY MEAT

No Match For The Moguls On Their Home Ground.

STANDING OF THE CLUBS.

Clubs.	W. L. P.
Owensboro.....	19 7 731
Henderson.....	16 11 593
Paducah.....	16 12 571
Cairo.....	13 14 481
Hopkinsville.....	11 15 423
Clarksville.....	5 21 192

In a poorly played game at no time doubtful, Hopkinsville won from Cairo Monday evening, with Trimmer, one of the new pitchers, in the box.

Tuesday the game was closer. Timely hitting by Hopkinsville in the first inning gave them the lead that Cairo could never overcome, though they came strong in the seventh and eighth so that Elliott was taken out and Irvin put in to pitch the final innings. The game closed.

Score:	R. H. E.
Hopkinsville.....	4 10 2
Cairo.....	3 10 1

Batteries—Elliott, Irvin and Kahe Koff French and Herbert.

In Monday's game here the second triple play of the season in the Kitty was executed. With the bases full in the seventh Nance caught French's grounder and shot it home, Dayton threw the ball to Kalkoff, who tagged both Peters and French.

The third game was played yesterday and the series with Henderson will begin to-day and be finished Saturday.

Tuesday's Results.

Hopkinsville 4, Cairo 3.
Owensboro 8, Clarksville 7.
Paducah 7, Henderson 2.

Monday's Results.

Henderson 5, Paducah 1.
Owensboro 5, Clarksville 4.
Hopkinsville 7, Cairo 2.

Killed By Pitched Ball.

Tompkinsville, Ky., June 3.—Bill Hammer, 21 years old, a school teacher was struck Sunday on the head by a pitched ball, which ruptured a blood vessel of the brain, from the effects of which he died yesterday.

KANSAS WOMAN

Suing The Governor Because He Used Force To Protect Papers.

Topeka, Kans., June 1.—The suit of Mrs. Luella West against Gov. George H. Hodges for \$2,215 damages, based on an alleged attack in the governor's offices, when, it is charged, Governor Hodges struck the woman as she sought to carry copies of his private correspondence from his office, was called in the Shawnee circuit court here today.

Mrs. West came here from her home in Wichita to urge a parole for Arthur Sullivan, a convict. Governor Hodges refused to grant the parole, and Mrs. West and a woman companion sought to obtain copies of letters on which the governor refused to comply with the request. Mrs. West seized the letters and, it is charged, the governor then struck Mrs. West and wrenched her wrist in attempting to regain the papers.

All the charges are denied by the governor.

Young Boy Missing.

Bowling Green, Ky., June 3.—Carl Scott, aged 15, son of Mrs. Mary Scott, who lives in Cemetery pike, near this city, disappeared from his home Monday evening and his whereabouts are unknown. It is believed he was drowned in Barren River at Ewing's Landing, where a fisherman saw him at a spring with a bucket. That was the last seen of him.

EQUALIZATION BOARD DONE

State Assessment Baised \$18,000,000—Christian Unchanged

ADJOINING CO'S. RAISED.

Trigg, Caldwell and Hopkins Get Increases.

Frankfort, Ky., June 3.—The total equalized value of all property in Kentucky subject to assessment by County Assessors is \$864,273,838 for 1914, which is \$12,102,633 higher than for 1913. This was an increase of \$18,423,20 over the assessed valuation of \$845,843,623. The State Board of Equalization completed its work and compiled its report Tuesday.

The assessment of Christian county was left unchanged at \$12,471,682. Todd was left unchanged, Trigg raised from \$2,910,600 to \$3,152,948; Caldwell, from \$3,271,232 to \$3,527,471 and Hopkins from \$6,715,688 to \$7,022,908.

Purely Personal.

Miss Jouett Henry is spending the week at Dr. J. D. Clardy's in the country.

Mrs. Mollie Henry, of Atlanta, is visiting Mrs. S. G. Buckner.

Mrs. Irving Roseborough and Mrs. W. B. Anderson, Jr., are visiting relatives in Clarksville.

Mr. John F. Danforth is in Lexington to attend the graduation of his son Edward Danforth, at the State University.

Miss Katherine Follansby will leave Monday for Guildhall, Vt., to spend the summer.

Miss Jean McKee will leave for Boston Monday to visit friends.

Miss Essie Clark has resigned her position as cashier at the Princess.

Mr. J. T. Wilson, operator of the Western Union Telegraph Co., has been transferred to Lexington and left Tuesday to join his wife, who is ill at Mt. Sterling. He will be succeeded here by Mr. D. B. Mills, of Booneville, Ind.

Howard Major, Jr., returned Tuesday night from Lexington, where he had been attending State College.

Mrs. W. C. West, of this city and Mrs. R. E. Cox of Gracey, are visiting their sister in Cincinnati.

Mrs. M. O. Soyars, left yesterday morning for Strathmore, Pa., to attend the graduation of her son, Oglesby Soyars.

Mrs. H. D. Ferguson, of Paducah, is visiting in the city.

Mrs. H. C. Mayberry has returned from a visit to her daughter at White Plains, Hopkins county.

Miss Ella Hooser is visiting in St. Louis.

Mrs. Irving Roseborough visited relatives in Clarksville this week.

The Curfew Law.

The killing of a Stephenport man who took sides with his children when the Chief of Police was trying to enforce the Curfew law and ordered them off of the street is a pathetic incident.

The "Curfew" comes from two meanings "to cover," and "feu," meaning fire. When wood fires were the rule and matches were not in general use fires were carefully covered at night with ashes for use next morning. The "cover-the-fire" bell was rung as a signal to cover the fires, put out lights and turn in for the night.

William, the Commoner, is said to have instituted the Curfew. It was resented in the beginning as an interference with liberty. It was introduced in this country by the late Col. Alexander Hogeland, a philanthropist modified to govern children under 15 years of age. The purpose is, of course to lessen vice and crime among minors. There are about 3,000 cities and towns in the United States in which the law is enforced, with reported good effect. It is easy to sympathize with the man who felt inclined to resent interference with what he regarded as the rights of his children but if he attacked the policeman the probability is that a jury will regard the killing as being defensive.

IF YOU OWN A HORSE IT WILL PAY YOU TO READ THIS

It gives us pleasure to announce to the people of Hopkinsville and Christian County that we have been very fortunate in securing the services of R. B. McGee to take charge of our

"HORSESHOEING DEP'T."

THROW YOUR BOOTS AWAY, bring your horse to our SHOP and we will stop your horse from forging, cutting ankles, relieve corns, strengthen cracked feet and treat all diseased feet

ABSOLUTELY FREE.

Bring your horse to Forbes Shoeing Department and we guarantee our Mr. McGee will please you in every respect. Shop open from 5:30 a. m. to 6:00 p. m.

FORBES MF'G. CO.

INCORPORATED

The Jay Walker.

The "jay walker" is a new term that has come into use and is being employed to designate an opposite extreme of the joy rider. The latter, as everyone knows, is a term applied to reckless, careless persons who either drive or ride in automobiles at a speed that is faster than safety and prudence indicate, and who thereby endanger themselves and others using the public highways. The "jay walker," on the other hand, is a person who carelessly and negligently courts danger and accidents to himself, by disregarding the ordinary rule of safety, and depending on luck, or the alertness and caution of others, to save him from mishap.

Perhaps he crosses the street in the middle of the block, instead of using the regular crossing, or suddenly steps into the street from behind or between vehicles standing near the curb. Or he may cross corners diagonally, or stand in the street paying little or no attention to vehicles which may be approaching him. Or he may deliberately attempt to cross the street, disregarding warning signals and practically defying the driver of an auto to run him down, and apparently delighting in the aggravation and inconvenience which his stubbornness causes to others. All these things are done every day, and if accidents follow the "jay walker" and others are ready to loudly protest against the "carelessness" of auto drivers in general, and to insist that the laws should be made more severe and the

penalties more heavy.

Yet the "jay walker" is himself a menace to public welfare and safety, no less than is the joy rider, and for the public good both need to be suppressed.—Evansville Courier.

Harvest Great, Laborers Few.

Charles D. Daugherty, State Labor Commissioner at Oklahoma City, telegraphed Secretary of Labor Wilson that Oklahoma will need from 12,000 to 15,000 men at from \$2 to \$2.50 per day, with board, to help harvest and thrash the wheat, and 85 per cent. of the men so employed will be given employment by the farmers there in handling various storage crops, which promise a big yield at this time, thereby guaranteeing from four to six months' steady work. The State of Oklahoma will maintain free employment offices at Oklahoma City, Enid, Alva, Woodward, Frederick and other points in the State to help distribute the men.

General Rains.

General rains over Kentucky and Indiana Monday broke the drought of several weeks and proved a great help to the crops which were in serious condition through lack of moisture.

Fertilizer Factory Burned.

Louisville, Ky., June 3.—Fire of unknown origin yesterday at the Globe Fertilizer company's plant here caused damage estimated at \$200,000.

A Missing Child.

Little May Harper was put on a train here at Princeton. She is not more than 5 years old. Last Friday she climbed into a double seat on an Illinois Central train occupied by a woman and two children. The conductor thought she was a member of this family and did not find out till the train reached Princeton his mistake. Around her neck was a tag addressed "Orphans' Home, Louisville, Ky." Baggage-master Roach took her to his home in Princeton and the I. C. officials and local authorities have made every effort to find out more about her. The tag says she has a cousin named Eva Simmons, who lives near Pembroke. The child is believed to be an orphan that was taken from the West Kentucky Orphans' Home here about two years ago by Mrs. Ida Simmons, a widow, who lives about eight miles from town on the Princeton road.

Mr. Roach, the railroad man who has the child, was here yesterday and wants to adopt her.

A witness has been found who says he saw a small young woman put a little child on the train. She had on a soiled white dress and a tag was on the dress.

How About the Girls?

Fifty young society men of Shelbygan have organized a sandal club, pledging themselves to go sockless until September 1 and wear sandals instead of shoes.

Furnished room for rent. Phone 453-2.—Advertisement.

Ready for To-morrow?

Horses digest their feed less thoroughly than other farm animals. In order to insure thorough digestion of all the food eaten, and to make your horses ready for next day's work, add to their evening feed a teaspoonful of—

Bee Dee STOCK MEDICINE

It will lessen your feed bills.

I am using Bee Dee STOCK MEDICINE with my horses regularly and find it a saving proposition on feed. It also makes them healthy, thriving and clean.
